PE125

CARBON LITE

Ultra-Lightweight.
Made to Go Anywhere.

All carbon fibre construction for a lighter, simpler, more portable mobility scooter. One-step folding and lift-out batteries give you the freedom to explore, travel and live life on your terms.

11 KG
NET WEIGHT

Ultra-lightweight carbon fibre design for easy transport.

125 KG
LOAD CAPACITY

A strong, stable frame built for everyday riding.

16–20 KM
TRAVEL RANGE

Two removable batteries keep you going further.

PREMIUM FEATURES

Lightweight design, smart folding and portability for everyday freedom.

Thoughtfully engineered to give you a lighter, simpler and more portable way to get out, travel and live life on your terms.

1

Integrated Carbon Tiller

Key ignition and intuitive controls placed within easy reach.

3

One-Step Folding

A single latch folds the seat and tiller flat in moments.

4

Lift-and-Go Batteries

Two removable 6Ah batteries for flexible charging and a 16–20 km range.

2

Lightweight Carbon Fibre Build

Only 11 kg net weight for easier lifting and handling.

5

Electromagnetic Braking

Smooth, dependable stopping on 7" wheels.

Compact Folded Size

Folds down to 100 × 45 × 32 cm to fit the car boot.

6

CARBON

TILLER CONTROL

Easy to operate — intuitive controls for confident everyday use.

A one-piece carbon fibre tiller with key ignition and ergonomically placed controls keeps everything you need within reach — so you can stay in control and enjoy the freedom to go further.

1 SPEED CONTROL KNOB
Choose your pace with ease.

2 KEY IGNITION SWITCH
Start with confidence.

3 HORN BUTTON
Alert people nearby.

4 REVERSE
Easy directional control for manoeuvring.

5 FORWARD
Move ahead with confidence.

PE125
